

Native Hawaiian Education Data Systems Mapping Project

The Native Hawaiian Education Council (NHEC) and McREL International are working to better understand and gain access to data about Native Hawaiian students and their experiences.

Phase 1

Kick off meeting with NHEC and McREL

- *Project planning*
- *Set goals and aims*

Phase 2

Inventory & Mapping of Data

- *Identify and catalog Native Hawaiian education data systems*
- *Engage community members and data experts around Native Hawaiian Education issues*

Phase 3

Identification of Opportunities

- *Collaborate with the Hawai'i Data eXchange Partnership*
- *Convene data stakeholders to discuss opportunities for collaboration and impact on Native Hawaiian education*

Phase 4

Preparation of Final Report

- *Final report will include:*
 - *Comprehensive inventory of data systems and repositories of Native Hawaiian education data*
 - *Summary of findings, recommendations, opportunities, and actionable next steps*
